RESOLUTION NO. 80-1

(RESOLUTION FIXING RATE OF ASSESSMENT ON ACREAGE BASIS FOR YOLO-ZAMORA WATER DISTRICT)

WHEREAS, the Board of Supervisors of the County of Yolo met as a Board of Equalization this 1st day of April, 1980, for the purpose of hearing all objections presented to it regarding the correctness of any assessment concerning the Yolo-Zamora Water District; and

WHEREAS, the Board of Supervisors this date heard all objections presented and all testimony relevant to said objections; and

WHEREAS, the district assessor before the hearing was closed added the total values as determined by this board, determined the gross assessed valuation of all the land, and made a statement thereof; and also included therein a statement that the total net acreage in the district subject to tax on an acreage basis was 20,641.112 acres; and

WHEREAS, all of the provisions of Division 13, Part 7 of the Water Code of the State of California pertaining to assessments have been fully complied with; and

WHEREAS, after the determination of the gross assessed valuation of all the land in the district and the filing of said statement by the district assessor with the Board of Supervisors, the board considered Resolution No. 80-1 of the Yolo-Zamora Water District, a copy of which was prior to the date of hearing filed with the Board of Supervisors, and which provided that the district elected thereby to levy a special assessment of an equal amount upon each acre of land within the district sufficient to defray all expenses as estimated by the board and to be incurred for the general benefit of the district under the provisions of Section 36576 of the Water Code, and determined that the sum of $.77 per acre would be a sufficient assessment to levy on each acre of land

within the said district in order to defray such expenses and did thereby order the levy and collection of said assessment on each landowner within the district for fiscal year 1980-81 for each acre of land within the district; and

WHEREAS, although the assessments for the Yolo-Zamora Water District have been equalized and determined, it is no longer necessary to fix an ad valorem rate of assessment for said district, but on the contrary it is necessary under the provisions of Section 36576 of the Water Code of the State of California to levy a special assessment of an equal amount on each acre of land within the district sufficient to defray all expenses as estimated by the Board of Directors and filed with the County Board of Supervisors on March 5, 1980, in the total sum of $15,950.00; and the sum of $.77 per acre is sufficient assessment to levy on each acre of land within the district as aforesaid,

NOW, THEREFORE, BE IT RESOLVED AND ORDERED that the Board of Supervisors acting as a Board of Equalization not fix an ad valorem rate of assessment upon each $100.00 in value of the land assessed in the Yolo-Zamora Water District inasmuch as the Board of Directors of said district has elected to levy a special assessment on an acreage basis; and the Board of Supervisors does in the alternative levy a special assessment of $.77 per acre on each acre of land within the district, said special assessment being sufficient to defray all expenses as estimated by the Board of Directors of the Yolo-Zamora Water District and filed as an annual estimate with the Yolo County Board of Supervisors on March 5, 1980, (in the total sum of $15,950.00) for fiscal year 1980-81.

PASSED AND ADOPTED by the Board of Equalization of the County of Yolo, State of California, this 1st day of April, 1980, by the following

vote:

AYES: Black, DeMars, Marchand, Edmonds, Thompson.

RESOLUTION 80-1

WHEREAS, Section 36576 of the Water Code permits the assessment of annual assessments on an acreage basis and it is the desire of said district to levy a special assessment of an equal amount upon each acre of land within the district sufficient to defray all expenses as estimated by the board to be incurred for the general benefit of the district during the period in which facilities for the delivery of water primarily for agricultural purposes are being planned and constructed.

NOW THEREFORE, BE IT RESOLVED:

(1) That the Yolo-Zamora Water District hereby elects to levy a special assessment of an equal amount on each acre of land within the district sufficient to defray all expenses for fiscal year 1980-81 as estimated by the Board of Directors in its Annual Estimate to be filed with the Yolo County Board of Supervisors (in the total sum of $15,950.00); and

RESOLUTION 80-1

WHEREAS, Section 36576 of the Water Code permits the assessment of annual assessments on an acreage basis and it is the desire of said district to levy a special assessment of an equal amount upon each acre of land within the district sufficient to defray all expenses as estimated by the board to be incurred for the general benefit of the district during the period in which facilities for the delivery of water primarily for agricultural purposes are being planned and constructed.

NOW THEREFORE, BE IT RESOLVED:

(1) That the Yolo-Zamora Water District hereby elects to levy a special assessment of an equal amount on each acre of land within the district sufficient to defray all expenses for fiscal year 1980-81 as estimated by the Board of Directors in its Annual Estimate to be filed with the Yolo County Board of Supervisors (in the total sum of $15,950.00); and

(2) The Board of Directors estimates that the sum of 77 cents per acre is a sufficient assessment to levy on each acre of land within the district in order to defray such expenses; and does hereby order the levy and collection of said assessment on each landowner within the district for fiscal year 1980-81 for each acre of land within the district.

Passed and adopted at a meeting of the Board of Directors of the Yolo-Zamora Water District on the 4th day of March, 1980, by the following vote:

AYES: Directors Jack D. Mast, Verne Wetzel, Bernie C. Gorman, Jr., and Kelsey W. Hatcher

(2) tends to prevent premature or unnecessary conversion from agriculture; and

(3) tends to assist in the preservation of prime lands; and

(4) to preserve lands with public value as open space.

5. Said Agricultural Preserves are hereby declared established or enlarged to include the territory described in said Exhibit "A", for the purpose of defining the boundaries of those areas within which the County of Yolo is willing to enter into land use contracts pursuant to the Land Conservation Act of 1965.

6. A map of such agricultural preserves is attached hereto

marked Exhibit "B" and which is incorporated by this reference herein.

7. The terms and conditions upon which the County of Yolo is willing to enter into land use contracts are as follows:

FIRST: DECLARATION. This Land Use Contract is made and entered into pursuant to California Land Conservation Act of 1965 as amended (Chapter 7 of Part 1 of Division 1 of Title 5 of the Government Code of California commencing with Section 51200), hereinafter referred to as "the Act", including Article 3 of said Act entitled "Contracts" and is subject to all of the provisions thereof pertaining to contracts. It is the intent of the parties that the restrictions imposed upon the subject property by this Contract shall constitute those which may be imposed upon property by Contract under the aforementioned Act. The execution and recordation of this Contract shall in no way restrict COUNTY or OWNER from utilizing or benefiting from future conservation or agricultural legislation enacted by the California Legislature. Should COUNTY agree to any provision in any other Contract under the Land Conservation Act which provision is not included herein and OWNER requests the inclusion of such provision in this Contract, such provision shall be deemed added to this Contract upon written request of OWNER to COUNTY and any other provision hereof inconsistent with said provision shall be deemed to be of no force and effect to the extent of such inconsistency.

SECOND: RESTRICTIONS. During the term of this Contract and any and all renewals thereof, the subject property shall not be

COUNTY COUNSEL

used for any purpose other than agricultural use and the uses determined by COUNTY pursuant to Government Code Sections 51231 or 51238 or by the Land Conservation Act of 1965 as amended to be compatible with the agricultural use of land within this preserve and subject to contract. No structures shall be erected upon subject property except such structures as may be directly related to authorized uses of the land. The parties, through appropriate action by COUNTY'S Board of Supervisors in accordance with the Act and its rules adopted thereunder, and written consent of OWNER, may from time to time during the term of this Contract and renewals thereof add to and/or delete from said permissible uses of the subject property. If any use otherwise permissible hereunder is not permissible under any planning or zoning restrictions now or hereafter applicable to any of the property then it shall likewise be deemed not legally available to OWNER by the provisions of this Contract and if any use is permissible under any such planning or zoning provision but is not determined as set forth above to be compatible with the agricultural use of land within this preserve and subject to contract, then it shall not be deemed legally available to OWNER hereunder.

THIRD: EMINENT DOMAIN. When any action in eminent domain for the condemnation of the fee title of an entire parcel of land subject to a contract is filed or when such land is acquired in lieu of eminent domain for a public improvement by a public agency or a person or whenever there is any such action or

COUNTY COUNSEL

acquisition by the Federal government or any person, instrumentality, or agency acting under authority or power of the Federal Government, such contract shall be deemed null and void as to the land actually being condemned or so acquired as of the date the action is filed, and for the purposes of establishing value of such land the contract shall be deemed never to have existed.

Whenever such an action to condemn or acquire less than all of a parcel of land subject to a contract is commenced, the contract shall be deemed null and void as to the land actually condemned or acquired and shall be disregarded in the valuation process only as to the land actually being taken, unless the remaining land subject to contract will be adversely affected by the condemnation, in which case the value of that damage shall be computed without regard to the contract.

The contract shall be null and void for all land actually taken or acquired; provided, however, that should any such action be dismissed, or should any interst be conveyed for non-public use, the contract shall be reinstated as of the date the action is dismissed or the conveyance is recorded.

FOURTH: TERM AND RENEWAL. The initial term of the Contract shall be for ten (10) years, commencing as of the first day of March next succeeding the date of approval of the Contract by the Board of Supervisors of the County of Yolo, and shall terminate on the last day of February of the tenth (10th) year thereafter. The first day of March shall be deemed to be the "anniversary date" of the Contract, and on the anniversary date of the

COUNTY COUNSEL

Contract a year shall be automatically added to the term unless notice of non-renewal is given as herein provided. If either OWNER or COUNTY desires in any year not to renew the Contract, that party shall serve written notice of non-renewal of the Contract upon the other party in advance of the anniversary date. Unless such written notice is served by OWNER at least ninety (90) days prior to the anniversary date or by COUNTY at least sixty (60) days prior to renewal date, the Contract shall be considered renewed as provided above. At any time prior to the anniversary date either party may in writing withdraw its notice of non-renewal. Upon request by the OWNER, this Board of Supervisors may authorize OWNER to serve notice of non-renewal on a portion of the land under contract.

FIFTH: NO PUBLIC FUNDS. The OWNER understands that he is not entitled to any public funds by reason of the execution of the Contract or any renewal thereof although the use of the subject property is limited as aforesaid.

SIXTH: TERMINATION. Subject to the procedural conditions contained herein, OWNER may elect to terminate the Contract without penalty when one of the following circumstances is found to exist:

(a) The laws of California cease to implement Article XXVIII of the State Constitution in a manner providing benefits and restrictions substantially similar to those embodied in Article 1.5 (commencing with Section 421) of Chapter 3 of Part 2 of Division 1 of

COUNTY COUNSEL

the Revenue and Taxation Code. To be substantially similar, it is hereby agreed that said implementing measures must include provisions for a land valuation system basing value of the land on those uses legally available to OWNER as the basis for assessment, and must not require that OWNER permit entry of the public on subject property.

(b) Future conservation or agricultural legislation achieving a substantially similar public benefit is enacted by the California Legislature and is applied to subject property.

(c) The real property tax is abolished as a source of revenue.

The following procedures shall be followed to elect the termination of the Contract:

(a) Written notice of the election to terminate the Contract shall be given the Board of Supervisors of Yolo County by OWNER.

(b) The Board of Supervisors shall have thirty (30) calendar days to review the proposal and the information submitted in support thereof.

(c) If the Board does not act within said thirty (30) days to set a hearing within an additional thirty (30) days, it shall effect the termination by recording a notice of termination with the County Recorder and filing a copy thereof with the State Department

of Agriculture. If the Board so sets a hearing, it shall give notice to OWNER and shall consider the election to terminate in the same manner as it would a request for cancellation as provided in Section SEVENTH of the Contract.

SEVENTH: CANCELLATION. The Contract may not be cancelled in whole or in part except pursuant to a request by OWNER as provided herein.

(a) The Board of Supervisors of COUNTY may approve the cancellation of the Contract only if it finds that cancellation is not inconsistent with the purposes of the California Land Conservation Act and is in the public interest. The existence of an opportunity for another use of the land involved shall not be sufficient reason for the cancellation of the Contract. A potential alternative use of the land may be considered only if there is no proximate land not subject to a Land Use Contract pursuant to the Williamson Act suitable for the use to which it is proposed the subject property be put. The uneconomic character of an existing agricultural use shall likewise not be sufficient reason for cancellation of the Contract. The uneconomic character of an existing use may be considered only if there is no other reasonable or comparable agricultural use to which the land may be put.

(b) Prior to any action by the Board of Supervisors giving tentative approval to the cancellation of any contract, the County Assessor shall determine the full cash value of the land as though it were free of contractual restriction. The Assessor shall multiply such value by the most recent County ratio announced pursuant to Section 401 of the Revenue and Taxation Code and shall certify the product to the Board of Supervisors as the cancellation valuation for the purpose of determining the cancellation fee.

(c) Prior to giving tentative approval to the cancellation of the Contract, the Board of Supervisors shall determine and certify to the County Auditor the amount of the cancellation fee which OWNER must pay to the County Treasuer as deferred taxes upon cancellation. That fee shall be an amount equal to 50% of the cancellation valuation of the property; provided, however, if after the date the contract was initially entered into, the publicly announced County ratio of assessed value to full cash value is changed, the percentage payment in this subdivision shall be changed so no greater percentage of full cash value will be paid than would have been paid had there been no change in ratio.

(d) If the Board of Supervisors finds that it is in the public interest to do so, it may waive any such

payment or any portion thereof, or may make such payment or a portion thereof contingent upon the future use of the land and its economic return to owner for a period of time not to exceed the unexpired term of the Contract had it not been cancelled, provided:

1) The cancellation is caused by an involuntary transfer or change in the use which may be made of the land, and the land is not immediately suitable, nor will be immediately used, for a purpose which produces a greater economic return to OWNER; and

2) The Board of Supervisors has determined it is in the best interest of the program to conserve agricultural land use that such payment be either deferred or not required.

(e) When the deferred taxes required by this section are collected, the County Treasurer shall distribute the taxes in accordance with the provisions of Government Code Section 51283(d).

(f) Upon tentative approval of the cancellation petition, the Clerk of the Board of Supervisors shall record in the Office of the County Recorder a certification which shall set forth the name of the owner of such land at the time the contract was cancelled with the amount of the cancellation fee certified by the Board

of Supervisors as being due pursuant to this section, the contingency of any waiver or deferrment of payments, and a legal description of the property. From the date of recording of such certificate the Contract shall be finally cancelled and, to the extent the cancellation fee has not yet been paid, a lien shall be created and attached against the real property described therein and any other real property owned by the person named therein as the owner and located within the County of Yolo. Such lien shall have the force, effect, and priority of a judgment lien. Nothing in this section shall preclude the Board of Supervisors from requiring payment in full of the cancellation fee prior to the cancellation becoming effective.

(g) In no case shall the cancellation of a Contract be final until the notice of cancellation is actually recorded as provided herein. Notwithstanding any provisions of the Revenue and Taxation Code, any payments required by this section shall not create nor impose a lien or charge on the land as to which a contract is cancelled except as herein provided.

(h) Upon the payment of the cancellation fee or any portion thereof, the Clerk of the Board of Supervisors shall record with the County Recorder a written certificate of the release in whole or in part of the

lien.

(i) No tentative approval of cancellation may be given until after the Board of Supervisors has caused notice to be given of and has held a public hearing on the matter. Notice of hearing shall be mailed to each and every owner of property under contract within this agricultural preserve and shall be published pursuant to Section 6061 of the Government Code. The owner of any property located in the County of Yolo may protest such cancellation; however, such protest shall be advisory only and shall not be binding upon the Board of Supervisors.

EIGHTH: DIVISION OF SUBJECT PROPERTY. In the event the subject property of the Contract is divided, a Contract identical to the Contract then covering the original parcel shall be executed by OWNER on each parcel created by the division at the time of the division. Any agency making an order of division or COUNTY which has jurisdiction shall require, as a condition of approval of the division, the execution of the Contracts provided for in this paragraph.

NINTH: EXCLUSION OF LAND FROM PRESERVE. Removal of any land under the Contract from an agricultural preserve either by change of boundaries of the preserve or disestablishment of the preserve shall be the equivalent of a notice of non-renewal by COUNTY.

TENTH: SUCCESSORS IN INTEREST. The Contract shall run with the land described in it and shall be binding upon the heirs,

2. The action taken by this Resolution is in conformance with the Yolo County General Plan.

3. The agricultural preserve which includes the territory described in said Exhibit "A" consists of no less than 160 acres.

4. The territory described in said Exhibit "A"

(a) is designated for agricultural use in the Yolo County General Plan;

(b) does not include any parcel less than twenty (20) acres in area;

(c) is predominantly Class I, II, or III soils, or satisfies the purpose of the agricultural preserve in the following ways:

(1) tends to maintain the agricultural economy; and

(2) tends to prevent premature or unnecessary conversion from agriculture; and

(3) tends to assist in the preservation of prime lands; and

(4) to preserve lands with public value as open space.

5. Said Agricultural Preserves are hereby declared established or enlarged to include the territory described in said Exhibit "A", for the purpose of defining the boundaries of those areas within which the County of Yolo is willing to enter into land use contracts pursuant to the Land Conservation Act of 1965.

6. A map of such agricultural preserves is attached hereto

marked Exhibit "B" and which is incorporated by this reference herein.

7. The terms and conditions upon which the County of Yolo is willing to enter into land use contracts are as follows:

FIRST: DECLARATION. This Land Use Contract is made and entered into pursuant to California Land Conservation Act of 1965 as amended (Chapter 7 of Part 1 of Division 1 of Title 5 of the Government Code of California commencing with Section 51200), hereinafter referred to as "the Act", including Article 3 of said Act entitled "Contracts" and is subject to all of the provisions thereof pertaining to contracts. It is the intent of the parties that the restrictions imposed upon the subject property by this Contract shall constitute those which may be imposed upon property by Contract under the aforementioned Act. The execution and recordation of this Contract shall in no way restrict COUNTY or OWNER from utilizing or benefiting from future conservation or agricultural legislation enacted by the California Legislature. Should COUNTY agree to any provision in any other Contract under the Land Conservation Act which provision is not included herein and OWNER requests the inclusion of such provision in this Contract, such provision shall be deemed added to this Contract upon written request of OWNER to COUNTY and any other provision hereof inconsistent with said provision shall be deemed to be of no force and effect to the extent of such inconsistency.

SECOND: RESTRICTIONS. During the term of this Contract and any and all renewals thereof, the subject property shall not be

used for any purpose other than agricultural use and the uses determined by COUNTY pursuant to Government Code Sections 51231 or 51238 or by the Land Conservation Act of 1965 as amended to be compatible with the agricultural use of land within this preserve and subject to contract. No structures shall be erected upon subject property except such structures as may be directly related to authorized uses of the land. The parties, through appropriate action by COUNTY'S Board of Supervisors in accordance with the Act and its rules adopted thereunder, and written consent of OWNER, may from time to time during the term of this Contract and renewals thereof add to and/or delete from said permissible uses of the subject property. If any use otherwise permissible hereunder is not permissible under any planning or zoning restrictions now or hereafter applicable to any of the property then it shall likewise be deemed not legally available to OWNER by the provisions of this Contract and if any use is permissible under any such planning or zoning provision but is not determined as set forth above to be compatible with the agricultural use of land within this preserve and subject to contract, then it shall not be deemed legally available to OWNER hereunder.

THIRD: EMINENT DOMAIN. When any action in eminent domain for the condemnation of the fee title of an entire parcel of land subject to a contract is filed or when such land is acquired in lieu of eminent domain for a public improvement by a public agency or a person or whenever there is any such action or

acquisition by the Federal government or any person, instrumentality, or agency acting under authority or power of the Federal Government, such contract shall be deemed null and void as to the land actually being condemned or so acquired as of the date the action is filed, and for the purposes of establishing value of such land the contract shall be deemed never to have existed.

Whenever such an action to condemn or acquire less than all of a parcel of land subject to a contract is commenced, the contract shall be deemed null and void as to the land actually condemned or acquired and shall be disregarded in the valuation process only as to the land actually being taken, unless the remaining land subject to contract will be adversely affected by the condemnation, in which case the value of that damage shall be computed without regard to the contract.

The contract shall be null and void for all land actually taken or acquired; provided, however, that should any such action be dismissed, or should any interst be conveyed for non-public use, the contract shall be reinstated as of the date the action is dismissed or the conveyance is recorded.

FOURTH: TERM AND RENEWAL. The initial term of the Contract shall be for ten (10) years, commencing as of the first day of March next succeeding the date of approval of the Contract by the Board of Supervisors of the County of Yolo, and shall terminate on the last day of February of the tenth (10th) year thereafter. The first day of March shall be deemed to be the "anniversary date" of the Contract, and on the anniversary date of the

COUNTY COUNSEL

Contract a year shall be automatically added to the term unless notice of non-renewal is given as herein provided. If either OWNER or COUNTY desires in any year not to renew the Contract, that party shall serve written notice of non-renewal of the Contract upon the other party in advance of the anniversary date. Unless such written notice is served by OWNER at least ninety (90) days prior to the anniversary date or by COUNTY at least sixty (60) days prior to renewal date, the Contract shall be considered renewed as provided above. At any time prior to the anniversary date either party may in writing withdraw its notice of non-renewal. Upon request by the OWNER, this Board of Supervisors may authorize OWNER to serve notice of non-renewal on a portion of the land under contract.

FIFTH: NO PUBLIC FUNDS. The OWNER understands that he is not entitled to any public funds by reason of the execution of the Contract or any renewal thereof although the use of the subject property is limited as aforesaid.

SIXTH: TERMINATION. Subject to the procedural conditions contained herein, OWNER may elect to terminate the Contract without penalty when one of the following circumstances is found to exist:

(a) The laws of California cease to implement Article XXVIII of the State Constitution in a manner providing benefits and restrictions substantially similar to those embodied in Article 1.5 (commencing with Section 421) of Chapter 3 of Part 2 of Division 1 of

the Revenue and Taxation Code. To be substantially similar, it is hereby agreed that said implementing measures must include provisions for a land valuation system basing value of the land on those uses legally available to OWNER as the basis for assessment, and must not require that OWNER permit entry of the public on subject property.

(b) Future conservation or agricultural legislation achieving a substantially similar public benefit is enacted by the California Legislature and is applied to subject property.

(c) The real property tax is abolished as a source of revenue.

The following procedures shall be followed to elect the termination of the Contract:

(a) Written notice of the election to terminate the Contract shall be given the Board of Supervisors of Yolo County by OWNER.

(b) The Board of Supervisors shall have thirty (30) calendar days to review the proposal and the information submitted in support thereof.

(c) If the Board does not act within said thirty (30) days to set a hearing within an additional thirty (30) days, it shall effect the termination by recording a notice of termination with the County Recorder and filing a copy thereof with the State Department

of Agriculture. If the Board so sets a hearing, it shall give notice to OWNER and shall consider the election to terminate in the same manner as it would a request for cancellation as provided in Section SEVENTH of the Contract.

SEVENTH: CANCELLATION. The Contract may not be cancelled in whole or in part except pursuant to a request by OWNER as provided herein.

(a) The Board of Supervisors of COUNTY may approve the cancellation of the Contract only if it finds that cancellation is not inconsistent with the purposes of the California Land Conservation Act and is in the public interest. The existence of an opportunity for another use of the land involved shall not be sufficient reason for the cancellation of the Contract. A potential alternative use of the land may be considered only if there is no proximate land not subject to a Land Use Contract pursuant to the Williamson Act suitable for the use to which it is proposed the subject property be put. The uneconomic character of an existing agricultural use shall likewise not be sufficient reason for cancellation of the Contract. The uneconomic character of an existing use may be considered only if there is no other reasonable or comparable agricultural use to which the land may be put.

(b) Prior to any action by the Board of Supervisors giving tentative approval to the cancellation of any contract, the County Assessor shall determine the full cash value of the land as though it were free of contractual restriction. The Assessor shall multiply such value by the most recent County ratio announced pursuant to Section 401 of the Revenue and Taxation Code and shall certify the product to the Board of Supervisors as the cancellation valuation for the purpose of determining the cancellation fee.

(c) Prior to giving tentative approval to the cancellation of the Contract, the Board of Supervisors shall determine and certify to the County Auditor the amount of the cancellation fee which OWNER must pay to the County Treasuer as deferred taxes upon cancellation. That fee shall be an amount equal to 50% of the cancellation valuation of the property; provided, however, if after the date the contract was initially entered into, the publicly announced County ratio of assessed value to full cash value is changed, the percentage payment in this subdivision shall be changed so no greater percentage of full cash value will be paid than would have been paid had there been no change in ratio.

(d) If the Board of Supervisors finds that it is in the public interest to do so, it may waive any such

payment or any portion thereof, or may make such payment or a portion thereof contingent upon the future use of the land and its economic return to owner for a period of time not to exceed the unexpired term of the Contract had it not been cancelled, provided:

1) The cancellation is caused by an involuntary transfer or change in the use which may be made of the land, and the land is not immediately suitable, nor will be immediately used, for a purpose which produces a greater economic return to OWNER; and

2) The Board of Supervisors has determined it is in the best interest of the program to conserve agricultural land use that such payment be either deferred or not required.

(e) When the deferred taxes required by this section are collected, the County Treasurer shall distribute the taxes in accordance with the provisions of Government Code Section 51283(d).

(f) Upon tentative approval of the cancellation petition, the Clerk of the Board of Supervisors shall record in the Office of the County Recorder a certification which shall set forth the name of the owner of such land at the time the contract was cancelled with the amount of the cancellation fee certified by the Board

of Supervisors as being due pursuant to this section, the contingency of any waiver or deferrment of payments, and a legal description of the property. From the date of recording of such certificate the Contract shall be finally cancelled and, to the extent the cancellation fee has not yet been paid, a lien shall be created and attached against the real property described therein and any other real property owned by the person named therein as the owner and located within the County of Yolo. Such lien shall have the force, effect, and priority of a judgment lien. Nothing in this section shall preclude the Board of Supervisors from requiring payment in full of the cancellation fee prior to the cancellation becoming effective.

(g) In no case shall the cancellation of a Contract be final until the notice of cancellation is actually recorded as provided herein. Notwithstanding any provisions of the Revenue and Taxation Code, any payments required by this section shall not create nor impose a lien or charge on the land as to which a contract is cancelled except as herein provided.

(h) Upon the payment of the cancellation fee or any portion thereof, the Clerk of the Board of Supervisors shall record with the County Recorder a written certificate of the release in whole or in

part of the lien.

(i) No tentative approval of cancellation may be given until after the Board of Supervisors has caused notice to be given of and has held a public hearing on the matter. Notice of hearing shall be mailed to each and every owner of property under contract within this agricultural preserve and shall be published pursuant to Section 6061 of the Government Code. The owner of any property located in the County of Yolo may protest such cancellation; however, such protest shall be advisory only and shall not be binding upon the Board of Supervisors.

EIGHTH: DIVISION OF SUBJECT PROPERTY. In the event the subject property of the Contract is divided, a Contract identical to the Contract then covering the original parcel shall be executed by OWNER on each parcel created by the division at the time of the division. Any agency making an order of division or COUNTY which has jurisdiction shall require, as a condition of approval of the division, the execution of the Contracts provided for in this paragraph.

NINTH: EXCLUSION OF LAND FROM PRESERVE. Removal of any land under the Contract from an agricultural preserve either by change of boundaries of the preserve or disestablishment of the preserve shall be the equivalent of a notice of non-renewal by COUNTY.

TENTH: SUCCESSORS IN INTEREST. The Contract shall run with the land described in it and shall be binding upon the heirs,

(2) tends to prevent premature or unnecessary conversion from agriculture; and

(3) tends to assist in the preservation of prime lands; and

(4) to preserve lands with public value as open space.

5. Said Agricultural Preserves are hereby declared established or enlarged to include the territory described in said Exhibit "A", for the purpose of defining the boundaries of those areas within which the County of Yolo is willing to enter into land use contracts pursuant to the Land Conservation Act of 1965.

6. A map of such agricultural preserves is attached hereto

marked Exhibit "B" and which is incorporated by this reference herein.

7. The terms and conditions upon which the County of Yolo is willing to enter into land use contracts are as follows:

FIRST: DECLARATION. This Land Use Contract is made and entered into pursuant to California Land Conservation Act of 1965 as amended (Chapter 7 of Part 1 of Division 1 of Title 5 of the Government Code of California commencing with Section 51200), hereinafter referred to as "the Act", including Article 3 of said Act entitled "Contracts" and is subject to all of the provisions thereof pertaining to contracts. It is the intent of the parties that the restrictions imposed upon the subject property by this Contract shall constitute those which may be imposed upon property by Contract under the aforementioned Act. The execution and recordation of this Contract shall in no way restrict COUNTY or OWNER from utilizing or benefiting from future conservation or agricultural legislation enacted by the California Legislature. Should COUNTY agree to any provision in any other Contract under the Land Conservation Act which provision is not included herein and OWNER requests the inclusion of such provision in this Contract, such provision shall be deemed added to this Contract upon written request of OWNER to COUNTY and any other provision hereof inconsistent with said provision shall be deemed to be of no force and effect to the extent of such inconsistency.

SECOND: RESTRICTIONS. During the term of this Contract and any and all renewals thereof, the subject property shall not be

used for any purpose other than agricultural use and the uses determined by COUNTY pursuant to Government Code Sections 51231 or 51238 or by the Land Conservation Act of 1965 as amended to be compatible with the agricultural use of land within this preserve and subject to contract. No structures shall be erected upon subject property except such structures as may be directly related to authorized uses of the land. The parties, through appropriate action by COUNTY'S Board of Supervisors in accordance with the Act and its rules adopted thereunder, and written consent of OWNER, may from time to time during the term of this Contract and renewals thereof add to and/or delete from said permissible uses of the subject property. If any use otherwise permissible hereunder is not permissible under any planning or zoning restrictions now or hereafter applicable to any of the property then it shall likewise be deemed not legally available to OWNER by the provisions of this Contract and if any use is permissible under any such planning or zoning provision but is not determined as set forth above to be compatible with the agricultural use of land within this preserve and subject to contract, then it shall not be deemed legally available to OWNER hereunder.

THIRD: EMINENT DOMAIN. When any action in eminent domain for the condemnation of the fee title of an entire parcel of land subject to a contract is filed or when such land is acquired in lieu of eminent domain for a public improvement by a public agency or a person or whenever there is any such action or

acquisition by the Federal government or any person, instrumentality, or agency acting under authority or power of the Federal Government, such contract shall be deemed null and void as to the land actually being condemned or so acquired as of the date the action is filed, and for the purposes of establishing value of such land the contract shall be deemed never to have existed.

Whenever such an action to condemn or acquire less than all of a parcel of land subject to a contract is commenced, the contract shall be deemed null and void as to the land actually condemned or acquired and shall be disregarded in the valuation process only as to the land actually being taken, unless the remaining land subject to contract will be adversely affected by the condemnation, in which case the value of that damage shall be computed without regard to the contract.

The contract shall be null and void for all land actually taken or acquired; provided, however, that should any such action be dismissed, or should any interst be conveyed for non-public use, the contract shall be reinstated as of the date the action is dismissed or the conveyance is recorded.

FOURTH: TERM AND RENEWAL. The initial term of the Contract shall be for ten (10) years, commencing as of the first day of March next succeeding the date of approval of the Contract by the Board of Supervisors of the County of Yolo, and shall terminate on the last day of February of the tenth (10th) year thereafter. The first day of March shall be deemed to be the "anniversary date" of the Contract, and on the anniversary date of the

COUNTY COUNSEL

Contract a year shall be automatically added to the term unless notice of non-renewal is given as herein provided. If either OWNER or COUNTY desires in any year not to renew the Contract, that party shall serve written notice of non-renewal of the Contract upon the other party in advance of the anniversary date. Unless such written notice is served by OWNER at least ninety (90) days prior to the anniversary date or by COUNTY at least sixty (60) days prior to renewal date, the Contract shall be considered renewed as provided above. At any time prior to the anniversary date either party may in writing withdraw its notice of non-renewal. Upon request by the OWNER, this Board of Supervisors may authorize OWNER to serve notice of non-renewal on a portion of the land under contract.

FIFTH: NO PUBLIC FUNDS. The OWNER understands that he is not entitled to any public funds by reason of the execution of the Contract or any renewal thereof although the use of the subject property is limited as aforesaid.

SIXTH: TERMINATION. Subject to the procedural conditions contained herein, OWNER may elect to terminate the Contract without penalty when one of the following circumstances is found to exist:

(a) The laws of California cease to implement Article XXVIII of the State Constitution in a manner providing benefits and restrictions substantially similar to those embodied in Article 1.5 (commencing with Section 421) of Chapter 3 of Part 2 of Division 1 of

the Revenue and Taxation Code. To be substantially similar, it is hereby agreed that said implementing measures must include provisions for a land valuation system basing value of the land on those uses legally available to OWNER as the basis for assessment, and must not require that OWNER permit entry of the public on subject property.

(b) Future conservation or agricultural legislation achieving a substantially similar public benefit is enacted by the California Legislature and is applied to subject property.

(c) The real property tax is abolished as a source of revenue.

The following procedures shall be followed to elect the termination of the Contract:

(a) Written notice of the election to terminate the Contract shall be given the Board of Supervisors of Yolo County by OWNER.

(b) The Board of Supervisors shall have thirty (30) calendar days to review the proposal and the information submitted in support thereof.

(c) If the Board does not act within said thirty (30) days to set a hearing within an additional thirty (30) days, it shall effect the termination by recording a notice of termination with the County Recorder and filing a copy thereof with the State Department

of Agriculture. If the Board so sets a hearing, it shall give notice to OWNER and shall consider the election to terminate in the same manner as it would a request for cancellation as provided in Section SEVENTH of the Contract.

SEVENTH: CANCELLATION. The Contract may not be cancelled in whole or in part except pursuant to a request by OWNER as provided herein.

(a) The Board of Supervisors of COUNTY may approve the cancellation of the Contract only if it finds that cancellation is not inconsistent with the purposes of the California Land Conservation Act and is in the public interest. The existence of an opportunity for another use of the land involved shall not be sufficient reason for the cancellation of the Contract. A potential alternative use of the land may be considered only if there is no proximate land not subject to a Land Use Contract pursuant to the Williamson Act suitable for the use to which it is proposed the subject property be put. The uneconomic character of an existing agricultural use shall likewise not be sufficient reason for cancellation of the Contract. The uneconomic character of an existing use may be considered only if there is no other reasonable or comparable agricultural use to which the land may be put.

(b) Prior to any action by the Board of Supervisors giving tentative approval to the cancellation of any contract, the County Assessor shall determine the full cash value of the land as though it were free of contractual restriction. The Assessor shall multiply such value by the most recent County ratio announced pursuant to Section 401 of the Revenue and Taxation Code and shall certify the product to the Board of Supervisors as the cancellation valuation for the purpose of determining the cancellation fee.

(c) Prior to giving tentative approval to the cancellation of the Contract, the Board of Supervisors shall determine and certify to the County Auditor the amount of the cancellation fee which OWNER must pay to the County Treasuer as deferred taxes upon cancellation. That fee shall be an amount equal to 50% of the cancellation valuation of the property; provided, however, if after the date the contract was initially entered into, the publicly announced County ratio of assessed value to full cash value is changed, the percentage payment in this subdivision shall be changed so no greater percentage of full cash value will be paid than would have been paid had there been no change in ratio.

(d) If the Board of Supervisors finds that it is in the public interest to do so, it may waive any such

payment or any portion thereof, or may make such payment or a portion thereof contingent upon the future use of the land and its economic return to owner for a period of time not to exceed the unexpired term of the Contract had it not been cancelled, provided:

1) The cancellation is caused by an involuntary transfer or change in the use which may be made of the land, and the land is not immediately suitable, nor will be immediately used, for a purpose which produces a greater economic return to OWNER; and

2) The Board of Supervisors has determined it is in the best interest of the program to conserve agricultural land use that such payment be either deferred or not required.

(e) When the deferred taxes required by this section are collected, the County Treasurer shall distribute the taxes in accordance with the provisions of Government Code Section 51283(d).

(f) Upon tentative approval of the cancellation petition, the Clerk of the Board of Supervisors shall record in the Office of the County Recorder a certification which shall set forth the name of the owner of such land at the time the contract was cancelled with the amount of the cancellation fee certified by the Board

of Supervisors as being due pursuant to this section, the contingency of any waiver or deferrment of payments, and a legal description of the property. From the date of recording of such certificate the Contract shall be finally cancelled and, to the extent the cancellation fee has not yet been paid, a lien shall be created and attached against the real property described therein and any other real property owned by the person named therein as the owner and located within the County of Yolo. Such lien shall have the force, effect, and priority of a judgment lien. Nothing in this section shall preclude the Board of Supervisors from requiring payment in full of the cancellation fee prior to the cancellation becoming effective.

(g) In no case shall the cancellation of a Contract be final until the notice of cancellation is actually recorded as provided herein. Notwithstanding any provisions of the Revenue and Taxation Code, any payments required by this section shall not create nor impose a lien or charge on the land as to which a contract is cancelled except as herein provided.

(h) Upon the payment of the cancellation fee or any portion thereof, the Clerk of the Board of Supervisors shall record with the County Recorder a written certificate of the release in whole or in part of the

lien.

(i) No tentative approval of cancellation may be given until after the Board of Supervisors has caused notice to be given of and has held a public hearing on the matter. Notice of hearing shall be mailed to each and every owner of property under contract within this agricultural preserve and shall be published pursuant to Section 6061 of the Government Code. The owner of any property located in the County of Yolo may protest such cancellation; however, such protest shall be advisory only and shall not be binding upon the Board of Supervisors.

EIGHTH: DIVISION OF SUBJECT PROPERTY. In the event the subject property of the Contract is divided, a Contract identical to the Contract then covering the original parcel shall be executed by OWNER on each parcel created by the division at the time of the division. Any agency making an order of division or COUNTY which has jurisdiction shall require, as a condition of approval of the division, the execution of the Contracts provided for in this paragraph.

NINTH: EXCLUSION OF LAND FROM PRESERVE. Removal of any land under the Contract from an agricultural preserve either by change of boundaries of the preserve or disestablishment of the preserve shall be the equivalent of a notice of non-renewal by COUNTY.

TENTH: SUCCESSORS IN INTEREST. The Contract shall run with the land described in it and shall be binding upon the heirs,

8. The uses determined by COUNTY to be agricultural uses and uses compatible with the agricultural use of the land within the preserve and subject to contract are as follows:

A. Agricultural Uses:

Tentative Parcel Map #2921
Cecil Wilder - Applicant/owner
Assessor's Parcel No. 8-104-13
HEARING DATE: August 1, 1979

The applicant requests a tentative parcel map to divide an existing 1.59 acre parcel into three .55 acre parcels in the Heavy-Industrial (M-2) Zone. Subject site is located on the north side of Rice Avenue, east of Glide Avenue, in West Sacramento.

Due to the responses received from the various reponsible agencies, staff determined a negative declaration was the appropriate environmental review procedure for the following reasons:

1. The size of the parcels meets the zoning requirements for lot area; and

2. The project is consistent with the General Plan designation for industrial uses.

Negative Declaration
Tentative Parcel Map #2872
Jack Lopes Properties, Inc. - Applicant/owner
Assessor's Parcel No. 9-530-29
Hearing date: February 21, 1979

The applicant requests a tentative parcel map to divide an existing 5.1 acre parcel along zone lines into one 2.7 acre parcel and one 2.4 acre parcel on West Capitol Avenue, West Sacramento. Parcel A is located in the Multiple-Family Residential (R-3) Zone, while parcel B is located in the Community-Commercial (C-2) Zone.

The applicant states that they plan to develop the property in the near future, and the mobile home park does not fit into the plans at all.

Due to the responses received from the appropriate agencies, staff determined a Negative Declaration was appropriate.

BUILDING RESTRICTION

On November 27, 1979, the Board of Supervisors of the County of Yolo approved tentative Parcel Map No. 2872 for the division of a parcel of real property into two parcels.

As a pre-condition to the approval of that tentative map and the recordation of a parcel map pursuant thereto, the Board of Supervisors require this declaration to be recorded which restricts and prohibits the conveyance of either of the parcels created by Parcel Map No. 2872 separately from the other parcel for so long as either parcel or any portion thereof is used as a mobile home park or until this restriction is otherwise released by the Board of Supervisors of the County of Yolo.

This restriction shall be binding on the parties hereto, their heirs, successors, and assignees, and shall be enforceable by any of them and by the County of Yolo.

I. Background Information

1. Give a brief description of the proposed project.

It is requested that tax parcels and related tax bills be calculated in accordance with the enclosed descriptions. Most of the property is leased under agreements whereby the lessee is obliged to pay all taxes on all property in the leased area.

The project area includes all of Yolo County Tax Assessor parcels No. 9-160-09, 18, 21 and 28. These parcels in total are the same as Parcels A, B & C, surveyed by Terra Engineering (copy enclosed). Parcel A is leased to Pres-to-logs Distributors of California, Inc. Parcel B is leased to Caradco Division of Scovill Manufacturing Co.

We are requesting that the Yolo County Tax Assessor re-calculate tax bills for the properties described above.

A tentative parcel map is also being filed.

2. Describe the project area, including distinguishing natural and manmade characteristics.

The project area is an industrial zone comprising some 12.67 acres in West Sacramento. The area is west of the Sacramento River Tower bridge. The boundaries in general are Highway 40 on the North (now an Interstate 80 offramp to the Tower Bridge), South River Road on the East; Riske Lane on the West and other industrial property on the South.

Since 1937 State Box Company has operated a wooden box manufacturing plant there; and since about 1950, Pres-to-logs Distributors of California, Inc. has operated a wood briquette plant. These two corporations have common ownership. The State Box Company water tower is a distinguishing area landmark.

Sacramento Ave. (aka SH 16)

within and adjacent to those lands shown within the boundaries shown on the map entitled "Proposed Boundaries of Assessment District No. 117, Bryte Assessment District No. 1, Yolo County, California" and also any streets or easements adjacent to said real property that you deem necessary in order to carry out a complete plan of improvement by constructing:

concrete curbs, gutters, driveway aprons, pavement consisting of aggregate base and subbase with asphaltic concrete surfacing, drainage facilities and all necessary appurtenances for the above described improvements, and by removing and replacing existing facilities including curbs, gutters and/or sidewalks, and by removing and disposing of all refuse and surplus materials.

This Board finds that the land specially benefited by the improvement is shown within the boundaries of the map entitled, "Proposed Boundaries of Assessment District No. 117, Bryte Assessment District No. 1, County of Yolo, California." This map has been

approved by the Board and is now on file with the County Clerk. The land within the exterior boundaries shown on the map shall be designated Assessment District No. 117, Bryte Assessment District No. 1, County of Yolo, California.

This Board intends to levy a special assessment upon the land within the described district in accordance with the special benefit to be received by each parcel of land, respectively, from the improvement. There shall be omitted from special assessment all public streets, alleys and places and all land belonging to the United States, the State of California, and this ~~city~~ County now in use in the performance of a public function.

This Board of Supervisors intends to direct a contribution to the cost of the improvement from funds of the County of Yolo to the extent required to place the special assessments in this assessment district at a level at or below $13.00 per front foot.

Where any disparity occurs in level or size between the improvement and private property, this Board determines that it is in the public interest and more economical to eliminate the disparity by doing work on the private property instead of adjusting the work on public property. Accordingly, work may be done on private property for this purpose with the written consent of the landowner.

Serial bonds representing unpaid assessments, and bearing interest at a rate not to exceed ten percent (10%) per annum, will be issued in the manner provided by the Improvement Bond Act of 1915 (Division 10, Streets and Highways Code), and the last installment of the bonds shall mature fourteen years from the second day of July next succeeding ten (10) months from their date.

This Board finds that the Special Assessment Investigation, Limitation and Majority Protest Act of 1931 (commencing with Section 2800, Streets and Highways Code) does not apply to these proceedings.

This Board appoints the Director of Public Works of the County of Yolo as Engineer of Work for this project, and directs the preparation of the report required by Section 10204 of the Streets and Highways Code.

In the opinion of this Board, the public interest will not be served by allowing owners of assessable lands to enter into a contract for the work of improvement, as otherwise permitted in Section 10502.2 of the Streets and Highways Code.

The amount of any surplus remaining in the improvement fund after completion of the improvement and payment of all claims shall be transferred to the general fund if the surplus does not exceed the lesser of one thousand dollars ($1000) or five percent (5%) of the total amount expended from the fund. Otherwise the entire surplus shall be applied as a credit on the assessment as provided in Section 10427.1 of the Streets and Highways Code.

RESOLUTION NO. 80-57

ESTABLISHING APRIL 1980 AS V.D. AWARENESS MONTH

WHEREAS, It has come to the attention of the members that the ninth annual program on the dangers and prevalence of venereal diseases is being conducted during the month of April 1980 by the California Venereal Disease Advisory Council, the California Medical Association, the California Pharmaceutical Association, and Others:

WHEREAS, The purpose of the program is to reduce the incidence of, and to control, venereal diseases, by educating the public regarding these sexually transmitted diseases, motivating individuals to respond actively to advice based on the understanding of the clinical and epidemiological features of the diseases, and creating an environment in which individuals who suspect they have the disease will readily come forth and seek treatment; and

WHEREAS, Through a lack of information, far too many young women are the unwitting victims of gonococcal pelvic inflammatory disease (PID), the most common complication of gonorrhea, and these women are robbed of the future choice of motherhood through sterility; and

WHEREAS, In addition, Herpes Simplex Virus I and II, a viral infection for which there is no cure, currently exists at epidemic levels, and may be transmitted by pregnant women to their infants, which could be fatal; and

WHEREAS, Medical scientists also suspect a possible link between genital herpes in women and cervical cancer; and

WHEREAS, At a time in which sexually transmitted disease information and education are often neglected in our society and distorted attitudes and myths about sexually transmitted disease contribute to their spread in a society that has the technology for treatment and care, it is important that the general public be made aware of the dangers and treatment of these conditions;

NOW THEREFORE, be it resolved that the Yolo County Board of Supervisors Proclaims April 1980 as "Venereal Disease Awareness Month", and that copies of this resolution be transmitted to all interested parties by this Board of the County Department of Health.

WHEREAS, the matter of said reorganization came for hearing at the time and place set forth in said notice; and

WHEREAS, at said hearing, prior to consideration of protests, the Yolo County Local Agency Formation Commission's Resolution Making Determinations was summarized or read aloud; and

WHEREAS, this Board received and heard any and all written or oral protests to said reorganization; and

WHEREAS, this Board heard and considered all the factors required by Government Code Section 56435, and in particular, this Board received and considered the following:

a. A report on said reorganization submitted to the Yolo County Local Agency Formation Commission by its Executive Officer, which was also filed with this Board.

b. The Resolution Making Determinations adopted by the Yolo County Local Agency Formation Commission on January 11, 1980.

c. The Environmental Impact Report adopted by the City of Woodland and reviewed and considered by the Yolo County Local Agency Formation Commission on February 11, 1980.

d. All testimony from interested persons.

e. Any factors which may be considered by the Local Agency Formation Commission as provided by the Knox-Nisbet Act.

reorganization does not provide for the formation of a new improvement district, or the annexation or detachment of territory to or from an existing improvement district.

NOW, THEREFORE, BE IT RESOLVED, ORDERED, AND FOUND by the Board of Supervisors of the County of Yolo as follows:

1. Each and every recital set forth herein above is hereby found to be true and correct.

2. The nature of each proposed change of organization and the name or names of all districts for which any change of organization is proposed are as follows:

a. Detachment of territory from the Springlake Fire Protection District.

2. Annexation of territory to the City of Woodland.

3. This Board hereby orders the reorganization consisting of the detachment of territory from the Springlake Fire Protection District and the annexation of said territory to the City of Woodland.

4. This Board finds that the detachment of territory from the Springlake Fire Protection District and the annexation of same to the City of Woodland is in the public interest.

5. The proposed reorganization will be for the interest of affected counties, cities, and districts, and landowners or present or future inhabitants in the territory subject to the reorganization.

6. The Clerk of this Board is hereby directed to file a "Notice of Determination" as provided by law.

7. Said reorganization shall be subject to the following terms and conditions:

OFFICE OF THE
COUNTY COUNSEL
COUNTY OF YOLO
P.O. BOX 127
WOODLAND, CA 95695
TEL. NO.: (916) 666-8211

a. That the effective date of the reorganization shall be the date of filing a certified copy of the Certificate of Completion with the Yolo County Recorder.

b. The boundary of the territory to be detached from the Springlake Fire Protection District and to be annexed to the City of Woodland shall be as set forth in the property description which is contained in Exhibit "A", which is attached hereto and incorporated herein by reference.

8. This Board hereby finds that the annexation of the subject territory will, upon annexation, completely surround the fairground property, north of the subject property, with incorporated territory in derogation of the standard set forth in Government Code Section 35010 which disfavors the creation of unincorporated islands. However, the restrictions of Section 35010 may be waived upon the making of certain findings. Such findings are appropriate and this Board hereby makes the following such findings:

a. The application of the prohibition against the creation of islands as provided in Government Code Section 35010 would be detrimental to the orderly growth of the City of Woodland in that:

(1) The subject territory, the annexation of which would make the fairground territory an unincorporated island, lies within the sewer service boundaries of the City of Woodland and is currently proposed for immediate development.

(2) Residential or commercial development adjacent to the territory used for the Yolo County Fairgrounds will tend to create controversy between those uses and the fairground use.

(3) The land and improvements constituting the Yolo County

Fairgrounds is a facility of great value to all of Yolo County.

(4) It is not feasible to move the fairgrounds to another site in the foreseeable future.

(5) The creation of the island is necessary to protect the Fairgrounds from potential controversy with neighboring properties.

b. The area which will be enclosed (fairground territory) by this annexation is so located that it cannot be annexed to another city or incorporated as a new city.

9. Within five (5) days after adopting this resolution, the Clerk of this Board shall transmit a certified copy of it by registered mail to the Executive Officer of the Yolo County Local Agency Formation Commission.

Negative Declaration
Fred Heidrick, Applicant-Owner
Assessor's Parcel No. 25-210-18
HEARING DATE: November 21, 1979

No. 80-51

The applicant requests a Use Permit and Tentative Parcel Map to split 6± acres from a 40 acre parcel in the Agricultural General (A-1) Zone. Subject site is located on County Road 97, ¼ mile south of State Highway 16. The proposed 6± acre parcel is to be added to an adjacent 75.22 acre property owned by Fred Heidrick Jr. There is currently an existing residence, and metal garage with domestic well and septic disposal system on the proposed parcel. The purpose of the split is to allow Fred Heidrick Jr. to legally own the property upon which he lives. There are no plans to change the existing land use (farm residence).

The Planning staff has reviewed the proposal and the comments received from responsible agencies and has concluded that a Negative Declaration is the appropriate level of environmental review for the following reasons:

1) The subject property is currently being used for, and has adequate utilities for residential use. No change in land use is proposed.

2) The existing environmental conditions should not be subject to any adverse changes if the parcel is created.

NEGATIVE DECLARATION
ENVIRONMENTAL SIGNIFICANCE
No. 79-43

The Yolo County Planning Commission has reviewed all available information on the environmental effect of the project described as

request for variance to allow a non-conforming 4.49 acre parcel to be used as a residential building site, located on the east side of County Road 94B, approximately one-half mile south of County Road 19, in the Agricultural General (A-1) Zone.

Assessor's Parcel No. 25-350-05.

Zone File #3006

The Planning Commission has determined that:

1. The project described is one that would ordinarily be expected to have a significant effect on the environment, and

2. The project will have no significant adverse effect on the environment due to circumstances peculiar to the specific project.

An Environmental Impact Report will not be required.

Said determination was made at a Public Hearing held on May 16, 1979 in compliance with the California Environmental Quality Act and Title 10 of the Yolo County Code. Appeals from this determination may be made within fifteen (15) days of said action by filing a letter of appeal with the Clerk of the Board of Supervisors as prescribed for appeals from decisions of the Board of Zoning Adjustment.

Hearing Date: May 2, 1979

This applicant requests a variance to establish an existing 4.49 parcel as a buildable homesite in the Agricultural-General (A-1) Zone. Subject site is located on the east side of County Road 94B, approximately one-half mile south of County Road 19.

The parcel was previously a homesite. However, the 100-year old structure burned down in the summer of 1977. The property owners wish to remove the remains of the previous residence, and restore the grounds for the new residence.

Due to the responses received from the responsible agencies plus the fact the site had been a homesite, staff determined a Negative Declaration is the appropriate environmental assessment procedure.

The applicant requests a Tentative Parcel Map for the purpose of acquiring .24 acres of land (Parcel A). The 32' x 300' parcel contains the railroad spur belonging to the Sacramento Northern Railroad. Subject site is located on South River Drive, 300' east of Riske Lane, in the Heavy Industrial (M-2) Zone, West Sacramento.

Staff has determined that this proposal is categorically exempt from the California Environmental Quality Act because it only represents a minor lot line adjustment not resulting in the creation of any new parcel nor in any change in land use or density. Please review the map to help us determine if the design and content is appropriate.

WHEREAS, this Board, in the exercise of the legislative discretion

conferred upon it by Welfare & Institutions Code Section 17000 and consistent with State law, finds and determines that the grant amounts, discretionary additional grant allowances, and eligibility procedures set forth herein are reasonable, humane, and in compliance with State law, but not limited to State minimums, and are in the best interest of the citizens of the County of Yolo;

(Resolution Establishing Representation Unit for Certain Confidential Clerical Employees and Consolidating Unit with Department Heads and Confidential Unit)

WHEREAS, this Board of Supervisors has established the County of Yolo Employer-Employee Relations Policy, Yolo County Resolution No. 72-75; and

WHEREAS, pursuant to Article V thereof, a petition for establishment of a representation unit was filed with the Clerk of this Board on July 7, 1980; and

WHEREAS, said petition was set for hearing, and notice thereof was given in the manner prescribed by Resolution No. 72-75 and law, and came on regularly for hearing before this Board at a public hearing held at 2:00 p.m. on July 22, 1980; and

WHEREAS, said petition was accompanied by proof of approval by more than a majority of the employees in the classifications set forth in the petition;

NOW, THEREFORE, BE IT RESOLVED, ORDERED AND FOUND as follows:

1. The foregoing recitals are true and correct.

2. The proceedings hereto have been taken in accordance with the provisions of Article V of said Resolution No. 72-75, and law. The petition does not seek certification of a qualified employee organization as a recognized employee organization under Article VI of Resolution No. 72-75. The petition is accompanied

by written proof satisfactory to this Board of Supervisors that it is approved by at least a majority of the employees in the proposed unit and the unit established herein.

3. The unit proposed by the petition and ordered herein is hereby found and ordered to be appropriate.

4. The following classifications located in the following departments are hereby ordered excluded from the General Unit, and included in the unit established by this Minute Order. One designated clerical position in each of the following departments:

Classification	Department
Account Clerk III	Agriculture
Secretary to the County Administrative Officer	County Administrative Officer
Administrative Assistant	County Counsel
Secretary III	Health Services Agency
Administrative Assistant	Personnel
Administrative Clerk III	Probation

5. The unit herein established is hereby consolidated with the Department Heads and Confidential Unit.

6. This order is based upon the findings that the unit is appropriate in that:

a. It establishes the largest presently feasible group of confidential clerical employees.

b. Such inclusions are based on the past history of em-

ployee relations among County employees, in that:

1) Such history has demonstrated the advisability of separating from other representation units confidential clerical employees serving department heads or agency heads.

2) Such history has demonstrated a close community of interest between those confidential clerical employees and their department or agency heads. This history demonstrates a closer community of interest between the confidential clerical employees and the Department Head and Confidential Unit than between the employees and the General Unit.

3) Establishment of this unit ends a division of those confidential clerical staff and their department or agency heads between two units.

c. There is a similarity among the duties, responsibilities, and working conditions of the members of the unit established hereby.

d. Establishment of this unit does not make an unreasonable division of a classification among two or more units and establishment has no such effect on the existing classification structure.

e. The establishment of this unit is consistent with but not limited by the traditional treatment of confidential employees in employer-employees relations.

7. The petition herein does not seek partial decertification;

on the contrary, it seeks establishment of a representation unit, and the mere fact the unit formation petition includes classifications in an existing unit does not bar use of the unit formation procedure. The organizational notice requirement of that procedure contemplates such an overlapping petition.

NEGATIVE DECLARATION
ENVIRONMENTAL SIGNIFICA
No. 79-91

The Yolo County Planning Commission has reviewed all available information on the environmental effect of the project described as

request for tentative parcel map to divide a 7.021 acre parcel into one 4.432 acre parcel and one 2.588 acre parcel containing an abandoned house, located on the south side of Evergreen Avenue, west of Coke Street, West Sacramento, in the Light Industrial (M-1) Zone.
Assessor's Parcel No. 9-541-51.
Tentative Parcel Map #2947

The Planning Commission has determined that:

1. The project described is one that would ordinarily be expected to have a significant effect on the environment, and

2. The project will have no significant adverse effect on the environment due to circumstances peculiar to the specific project.

An Environmental Impact Report will not be required.

Said determination was made at a Public Hearing held on November 21, 1979 in compliance with the California Environmental Quality Act and Title 10 of the Yolo County Code. Appeals from this determination may be made within fifteen (15) days of said action by filing a letter of appeal with the Clerk of the Board of Supervisors as prescribed for appeals from decisions of the Board of Zoning Adjustment.

Tentative Parcel Map No. 2947

This applicant has requested a map to divide an existing 7.833 acre parcel into one 4.432 acre parcel (Parcel 1) and one 2.588 acre lot (Parcel 2) which contains an abandoned house. Subject site is located in the Light Industrial (M-1) Zone and is situated by approximately 740 feet. The applicant proposes to place a truck rental facility, with landscaping and parking on Parcel 1 and plans on selling Parcel No. 2.

Comments have been received from various agencies on the development proposal. The Westgate Fire Department responded by mentioning that an on site fire hydrant may be required if the industrial site is located more than 300 feet from an existing fire hydrant on Evergreen Avenue. CALTRANS pointed out that any sound attenuation necessitated by adjacent freeway noise is the responsibility of the developer. Site drainage which might affect the State highway should be coordinated with CALTRANS. The County Building Department mentioned that appropriate building permits will be required for new construction.

The Planning staff has decided, based upon comments received, that a Negative Declaration is the appropriate level of environmental review for the following reasons:

1) All necessary urban services can be supplied.

2) The development is compatible with the conditions imposed by the adjacent state highway.

3) The development will allow maximized use of the site.
